Le Mesurier Artists' Colors

Are the same in first shades and will produce absolutely the same tints as the best English Tube paints. We guarantee our colors to possess all desirable features found in domestic or foreign manufactures and to excel them in many essential qualities, such as—impalpable fineness, freedom from lint and other vexatious substances, and positive uniformity of strength and shade.

NOTICE.—Our Single Tubes, with few exceptions, are double the size of any foreign now in the market. Price List and pamphlets, giving opinions of some of the most eminent artists, will be furnished on application. Among others who have used them, and attest their merits, are:

D. HUNTINGTON, Pres. N.A. J. H. BEARD, N.A. R. W. HUBBARD, N.A.

The Illustrated Catalogue

PUBLISHED BY THE

NEW YORK ETCHING CLUB

this year is the third one of a new series. In it are etchings, never before published, by Messrs. Farrer, Twachtman, Nicoll, Luber, and Mielatz, and a portrait of each Etcher by the N. Y. Photogravure Co.

In this number will be an installment treating technically of the Art of Etching by Mr. James D. Smillie, who gives here the result of experiments by himself as also of some of the prominent Etchers abroad.

In succeeding publications each member of the Club will be represented. When the series is complete it will form a collection of examples of the etched work of all of the members of the Club, with portraits of each, and short essays pertinent to the art and its interests.

The edition is a very small one, being limited to five hundred copies at one dollar each. For sale at the desk. Orders, with fifteen cents additional for the mailing, may be sent to
